idea of culture plays an increasingly important part the new edition also surveys the very
latest developments in the field and considers the directions that cultural history may be
taking in the twenty first century book jacket

anna green provides a coherent and accessible introduction to the major theoretical

approaches and key concepts within this most diverse of historical fields cultural history explores the conceptual affective and imaginative worlds of human consciousness as reflected in elite intellectual works as well as everyday social beliefs and practices

historian philosopher critic playwright journalist and actor egon friedell was a key figure in the extraordinary flowering of viennese culture between the two world wars his masterpiece a cultural history of the modern age demonstrates the intellectual universality that friedell saw as guarantor of the continuity and regeneration of european civilization following a brilliant opening essay on cultural history and why it should be studied the first volume begins with an analysis of the transformation of the medieval mind as it evolved from the black death to the thirty years war the emphasis is on the spiritual and cultural vortex of civilization but friedell never forgets the european roots in pestilence death and superstition that animate a contrary drive toward reason refinement intellectual curiosity and scientific knowledge while these values reached their apogee during the renaissance friedell shows that each cultural victory is precarious and europe was always in danger of slipping back into barbarism friedell s historical vision embraces the whole of western culture and its development it is a consistent probing for the divine in the world s course and is therefore theology it is research into the basic forces of the human soul and is therefore psychology it is the most illuminating presentation of the forms of state and society and therefore is politics the most varied collection of all art creations and is therefore aesthetics thomas mann regarded friedell as one of the great stylists in the german language like the works of the great novelist a cultural history of the modern age offers a dramatic history of the last six centuries showing the driving forces of each age the new introduction provides a fascinating biographical sketch of friedell and his cultural milieu and analyzes his place in intellectual history

the third volume in the award winning a cultural history of ideas explores the ways in which distinctively renaissance ideas and a distinctively renaissance culture emerged from the complex interaction of ancient and medieval influences
